

WANT A NEW AND EXCITING TEACHING POSITION?

(must be teacher certified)

BECOME A CERTIFIED TEACHER FOR STUDENTS WITH VISUAL IMPAIRMENTS

How?

Take 21 semester hours from Stephen F. Austin State University (SFASU) locally through distance education at Region 10 Education Service Center in Richardson.

What is Distance Education?

Courses are offered through video conferencing at Region 10 ESC and supplemented with an internet component.

How many classes are required for certification?

Six courses and a practicum (21 semester hours) are required to obtain certification, as well as passing EXCET exams.

When do the courses begin?

The courses will begin in the summer of 2011. However you **MUST** register with SFASU for the graduate program and for the grant by **Mid-March 22, 2011**.

When can I begin working as a teacher of the visually impaired?

In the fall of 2011, you may be employed as a teacher of the visually impaired under special permit.

This sounds exciting, how may I obtain more information?

- <http://faculty.sfasu.edu/swiftfrank/>
- Region 10 ESC contact: Christy Householter, VI Consultant 972-348-1634
Christy.householter@region10.org
- SFASU contact: Dr. Dixie Mercer 936-468-1142

Teaching students with visual impairments provides an exciting and diverse teaching experience. Teachers work with students ages 0-22 in a variety of schools and settings. Teachers provide direct services to students as well as consultative assistance to other school professionals.

READY FOR A CHANGE? Respond today!
The deadline for registration is **Mid- March, 2011**.
