

Web Services

Facilitating the Implementation of the Revised Science TEKS for Teachers and Administrators-

Provide side by side analysis of the previous science TEKS with new science TEKS, how they impact the classroom instruction and align with all grade levels. This would also be an opportunity to share information via Moodle.

Providing Update Information to Enhance Scheduling regarding 4x4 Science Requirements and EOC – *NEW TITLE*

As the State continues to provide updated information regarding 4x4 graduation requirements and End of Course exams, information will be provided each semester (via video conference, podcast, etc.) to keep science educators abreast of SBOE news.
