8 Hour Recertification Curriculum

Recertification is intended to help drivers continue to be safe, competent and efficient in the transportation of children by providing the drivers with current information and accepted safety procedures. The 8-hour recertification training is designed to provide drivers, who were previously certified, with an update of information that includes:

- Introduction and Overview
- Know The Laws
- Bus Basics
- Defensive Driving
- Student Management
- Loading and Unloading
- Navigating Railroad Crossings
- Emergency Evacuation
