

NURSING & SCHOOL HEALTH SERVICES PACKAGE 2022-2023

Provides specialized nursing and health services support to local education agencies (LEA) and private schools throughout the Region 10 service areas

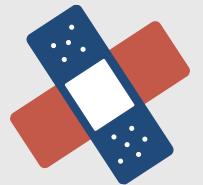

SCHOOL NURSE COHORT

A monthly meeting designed to educate and inform school nurses on a variety of topics including: school nursing practice, state and local health updates and resources, networking and collaboration, current health and nursing related topics. (CNE credit to be offered)

NURSING LEADERSHIP COHORT

Collaboration with nursing and health services directors and coordinators to discuss and create systems to best support school nurses and health services staff.

NEW SCHOOL NURSE COHORT

Designed for **NEW** school nurses. Content focus: school nursing scope and standards of practice, nursing and health staff roles and responsibilities, management of health services, and other relevant practice information. Includes resource bundle.

NURSE/HEALTH STAFF SUB COHORT

Provides overview of the role and responsibility of the school nurse and non-licensed health services staff serving in a substitute position.

COUNTY SCHOOL NURSE COHORT

Cohorts will be mobile throughout the Region 10 coverage area to increase the school nurse network, sharing of resources, and supporting school nursing practice. Designed to engage more districts for in person participation where distance to R10 is a factor.

SUMMER PROFESSIONAL DEVELOPMENT

Sessions to include: new to school nursing orientation, medication administration training, school nursing assessment, UDCA training, back to school nursing and health services staff in-service, concussion training and access to the R10 summer road show sessions.

NURSING & HEALTH SERVICES SUPPORT

Onsite or virtual in-service programs that can be designed specifically for your district's needs that could include staff training related to student health conditions, consultation and technical support for immediate nursing and health needs, and access to nursing and health services resources.

BIGGEST BENEFIT TO JOIN

All the above services would be **FREE** to your district nursing and health services staff! (See econtracts for pricing)

THIS IS A GREAT OPPORTUNITY TO INVEST IN YOUR SCHOOL NURSES AND HEALTH STAFF
