

**Friday**  
**April 12, 2019**

**9 AM – 3 PM**

# **RECOMMENDATIONS BASED ON NORMATIVE & CLASSROOM DATA**

**Dr. Andrea Ogonosky, Ph.D., LSSP, NCSP** will clarify how educators use data sources correctly to inform instructional decisions and design recommendations related to interventions, and accommodations. Participants will be given tools and case studies to aid in the understanding of designing interventions that are specific, responsive, and relevant that lead to greater educational success.
