THE CHALLENGE
Many youth of today struggle with serious challenges such as low self-esteem and confidence, communication, eating disorders, drug and alcohol addictions, bullying, gambling, peer pressure, anxiety, anger, frustration, and violent behavior.

OUR GOAL
is to help young adults address and overcome these challenges by teaching them self-value and foundational character traits through our character development platform called the Ethos Pedagogy.

OUR MISSION
is to improve the educational experience of each student by redefining success through a firm understanding of identity and self-value.
THE ETHOS PEDAGOGY is a curriculum based customizable character development platform that works to improve the educational experience of each student by redefining success through a firm understanding of identity and self-value. Through the Ethos Pedagogy Platform, students are able to achieve generational change by redefining their success through increased self-value and character enhancement tools and character enhancement tools.

ETHOS CHAMPIONS
Workshops, seminars, and focus groups, hosted by local leaders, professional athletes, and other celebrities to personally testify about their development of strong character and self-value.

ETHOS VILLAGE
Online character development experience featuring our Ethos Curriculum, blogs, forums, games, and impact featurettes from Ethos Champions.

ETHOS CHARACTER DEVELOPMENT SPORTS CAMPS
As a microcosm of the everyday world, we use sports camps as a means to extract life lessons that will allow our students to build strong character and self-value. Within these camps, the Ethos curriculum is constantly reinforced.

FITNESS AND CHARACTER TIME FOR STUDENTS (F.A.C.T.S.)
AFTER SCHOOL PROGRAM
The F.A.C.T.S. after school program is a 2 to 5-day program that promotes physical fitness and encourages healthy habits while allowing participants to develop positive character traits that are common among all successful people. This unique program allows participants to set, engage and achieve fitness goals through fun and meaningful activities. The character building components of the program are introduced by utilizing a character development curriculum created and managed by Ethos Education Group.

ETHOS CURRICULUM
The “You’ve Got the Power!”™ award winning series of motivational and inspirational workbooks helps individuals discover strategies for improving their academic performance and achieving their desired goals in life. The curriculum is fully customizable and is aligned with national common core standards.

IN PARTNERSHIP WITH
