

“ To be able to collaborate with other administrators and to learn some strategies while we're in the fire during the school year is amazing.”

“ You can learn from your peers... people who are going through the same thing you are, and that's awesome – a breath of fresh air.”

DO NOT MISS this exciting opportunity to experience learning innovation at its best! Leaders who are pushing the boundaries of teaching and learning will share their ideas using demonstrations and hands-on professional development activities.

 Region 10 ESC

Innovate **will focus on five essential standards:**

Instructional Leadership (instruction and interventions to empower student learning)

Human Capital (development, support and supervision of staff)

Executive Leadership (communication, resiliency and change leadership)

School Culture (shared vision, community engagement, safety and discipline)

Strategic Operations (plans for allocating resources to maximize learning)
