

**Program Policy
for
Accepting Military Service Training, Education and Work Experience**

Texas Administrative Code states:

19 TAC §228.35(a)(5)(A):

(5) Each EPP must develop and implement specific criteria and procedures that allow:

(A) military service member or military veteran candidates to credit verified military service, training, or education toward the training, education, work experience, or related requirements (other than certification examinations) for educator certification requirements, provided that the military service, training, or education is directly related to the certificate being sought...

A military service member can receive credit for service, training, education, and work experience directly related to the certificate being sought. An applicant's service is verified through the admissions process to include licensures, certificates, and military transcripts for education. Credit is given if verified services meet the program's admission criteria.
